**Manufacturer:**

CORMEN s.r.o.  
Průmyslová 1420  
593 01 Bystřice nad Pernštejnem  
Česká Republika  
IČO: 25547593  
Tel.: +420 566 550 961  
info@cormen.cz

**Charakteristics:**

Preventive emulsion for highly strained hands. It is intended to be applied to hands as a cream before start of work and its pollution. It contains silicone basis, which protects skin against the effect of oils, dirty, solvents, lacquers, paints and also against long term influence of water and cleaning agents. It is more easier to wash such protected hands and the skin remains longtime soft.

**Physical and Chemical properties:**

*Form:* emulsion  
*Odour:* characteristic  
*pH:* 5,5 – 7,5  
*Colour:* white

**Usage:**

Apply a suitable amount of the cream on clean and dry skin and spread. Use repeatedly as needed.

**Packaging:** 100 ml

**Storage:** >5 °C < 25 °C.  
Best before date is indicated on the package.

**Composition:**

*Ingredients:*

Aqua, Cetearyl Alcohol, Isopropyl Myristate, Dimethicone, Glycerin, Cetareth-20, Phenoxyethanol, Ethylhexylglycerin, Citric Acid, Triethanolamine
